Lottery Information

I understand that applying to Genesis does not guarantee admission for the 2021-2022 school year. If Genesis receives more applicants than available spaces, a lottery will be conducted to randomly select students from the applicant pool for admissions. If a lottery is not required, applicants will be processed on a first-come, first-served basis.

If the number of applicants exceed capacity, a lottery will be held to admit scholars. **February 26, 2021** is the deadline to submit applications for inclusion in the lottery (if necessary). Applications submitted after February 26, 2021 will be seated on a first come first serve basis if seats are available or placed on a wait-list. Details about the lottery process and notification of admission can be found on the school website: www.genesisinnovationacademy.org

Agreement Signed by Parent/Guardian

Please check boxes below to provide consent. *Non-consent does not have any bearing on lottery entrance or result; **Signature required** even if no consent is given.*

I agree that after the lottery, Genesis may obtain my scholar's school records (test scores, attendance, etc.) from past or future schools, even if my scholar does not attend Genesis. This information will in no way influence the lottery for admission, but will only

be used to measure Genesis' progress in helping children succeed. Genesis is legally required to keep this information confidential.

I agree that my name may be posted on the school's website before the lottery (on a list indicating applications that have been received) and after the lottery drawing takes place (on a list indicating who was admitted and the wait list position of those who were not admitted by lottery).

The electronic signature below and its related fields are treated by Genesis Innovation Academy like a handwritten signature on a paper form.
