Editing the Templates

Once you have your own copy of either template, you can edit them as any normal Google Document.

Event Details

- Click in the cells in the first or fourth columns to **type in event details** for each of the months.
- At the current font size, you can fit in nine rows of text for each month.
- Of course feel free to change the text formatting and size however you want.

Event Colors

- You can **color in the corresponding dates** on the calendars in columns two and three.
- Simply **click on the date** you want to select that cell.
- Then click the "**Background color**" button in the top toolbar (it looks like a paint can) and **choose the color** you want to fill the date cell with.
- You can also remove a color by choosing "**Transparent**" as the background color choice.
