

Greetings Scholars,

Summer is a wonderful time for traveling, going to camp, and hanging outside with friends. Most importantly, summer is a time for you to develop your love for reading even more!

Reading during the summer helps increase your reading comprehension, fluency, and critical thinking skills. It also builds your vocabulary and 21st century lifelong skills. You should aim to read at least 30 minutes daily.

You can find your summer reading books at the public library, bookstore, or online at <https://www.amazon.com/>.

Share your books with your family, friends, and talk about what you have read. Reading is meant to be FUN!!

Enjoy your summer and happy reading! ❤️
